FOREWORD

When our school days come to their close, we pause to look back upon the friends and the happiness we have had. Our last year has been one filled with many experiences which we shall never forget. In the 1969 WILDCAT we have tried to preserve for you, through pictures, these memories of Rison High School.

Seniors of 1969

We, the Senior Class of Rison High School, have dedicated the 1969 WILDCAT to Mr. Grady Rougeau for whom we have high regard, both as a teacher and a friend.

DEDICATED
MR. GRADY ROUGEAU

SUPERINTENDENT'S MESSAGE

The Senior Class of 1969 has responded to the challenge posed by Rison School system. The efforts toward a quality school system have progressed this year because the Senior Class has provided an example for the underclassmen. Rison is now in the position to upgrade its school to North Central Association membership. The goal of quality education encompasses all areas of learning and activities; abolition or curtailment of one area to enhance another activity does not promote quality education. A balanced curriculum with reasonable emphasis on activities meets the needs of the most students.

The efforts of the Senior Class in making this printed and picture record of the 1968-69 year in Rison Public Schools is deeply appreciated by your Superintendent.

My best wishes go to each of you. I hope you have embraced some ideas and some character traits that will sustain you in the future.

THE AGONY OF DEFEAT

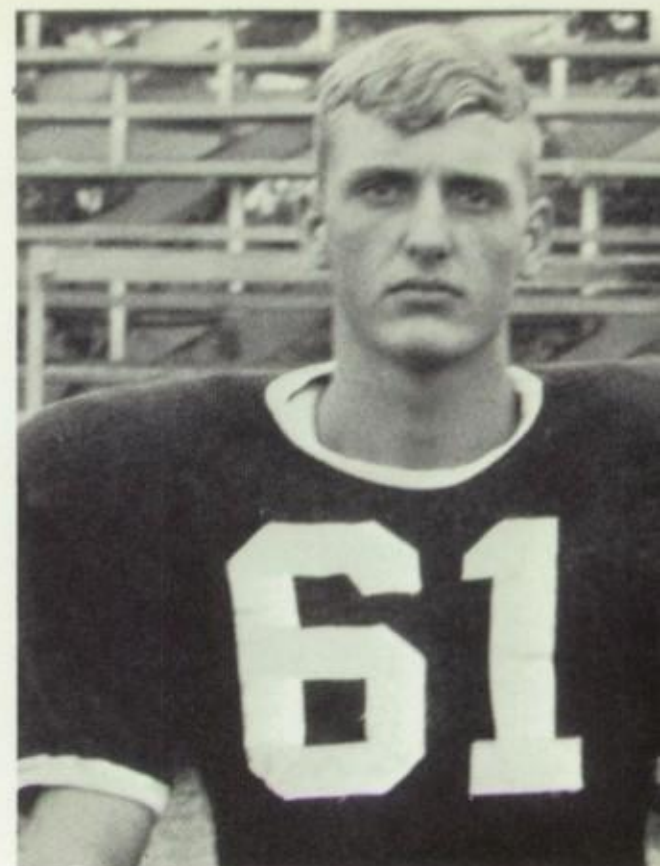

No one likes to lose a football game. If you are a senior and have played on two district championship teams, it is especially difficult. The team of 1968 will not be the district champs. We will not be the greatest team ever to put on the black and gold and this writer will rank far down on the list of Senior players.

What made the difference in the teams of 1966 and 1967, and the one of 1968? You think maybe they worked harder? Not hardly. We sweated just as much as they did in the hot August sun. Perhaps they just wanted it more? I don't think so. All the seniors wanted to be champions just as much as past teams ever did.

So even if we are not as good as some teams of the past, it isn't because we didn't care or don't care. We cared to go out and work for three years and we cared enough to play our hearts out for 48 minutes every Friday night.

Twenty years from now when people discuss great Wildcats teams of the past, they probably won't mention names like Mike Lain, Billy Cook, and Randy Morgan.

There's really nothing we can do about that, however. We gave it all we had, and that's all anyone can do. I am proud to be a senior Wildcat in 1968, and I wouldn't trade my bunch for any that ever took the field. But remember there's still that last 48 minutes left for me. Is my last goal the joys of Victory?

Throughout the year, the Senior Band functions as an active and exhilarating representative of our school. At home athletic events, enthusiasm is engendered by its spirited music and well-presented half-time shows. The public and student body are entertained through the school year with numerous presentations by the concert band.

In '67 and '68 the band took part in numerous community affairs, since the public has come to rely upon the band which is proud to march in local parades and to perform at the festivities of neighboring communities.

Although the band functions as a unit in most activities, the individual members participate in other musical events. The solo and ensemble contestants have proved to be excellent musicians and have won honors at both the district and state contests.

What is a cheerleader? Someone who just leads the cheers? Or is she the heart of school spirit? That seems about right, doesn't it? Not all students can be cheerleaders, but anyone can yell. Some people say the team can't hear the yells, but they can. When they are sitting on the bench, they know if the students are interested and enthusiastic. Depression is catching. Our cheerleaders are well aware of school spirit. Perhaps this is a basic requirement before they can be a cheerleader. School spirit is an emotion and is something that cannot be forced. A cheerleader knows that if the students are behind the team, they will yell, with or without leadership.

STUDENT COUNCIL'S ACTIVITIES 1968-69

S.C. works in concession stand.

S.C. holds mock election.

This year the Student Council was in charge of the ceremony and other activities of homecoming. In December the Council sponsored a white Christmas for needy families. The Council is planning in the future to sponsor a Honor Banquet and to have covered sidewalks all over the school.

STUDENT COUNCIL ADOPTS TWO CHILDREN

Two children from the Arkansas Children's Colony are receiving aid from Rison's Student Council. They are: Mamie Champlin, a fifteen year old girl who has lived in a foster home in Warren several years. She was enrolled in the Arkadelphia Unit of the Arkansas Children's Colony on November 14, 1968.

Reginald Peacock, is a fourteen year old boy who lived in a foster home in Little Rock. He was enrolled in the Arkadelphia Unit of the Arkansas Children's Colony on December 3, 1968.

STUDENT COUNCIL

We live in difficult times that are totally unlike any other we have ever known. Consequently principals, teachers, and students find themselves moving closely together in the school's environment. All must try and work for better understanding and unity. The responsibility of unity of the council is to help find answers to questions that arise through the year.

A student council will live and flourish as long as it performs a needed function and has objectives. Objectives of our students are concern for others, not for ourselves, serving others, not ourselves. With this meaningful service, the Student Council of the Rison High School in 1968-69 has endured and leaves this challenge to those who succeed us.

SENIOR WILL

Michael Phillips wills his shyness to Michael L., Randy R., and his speckled freckles to Deb Reed.

John Charles Hartley wills some of his weight, to be divided among next year's football team. Beth can have what's left over.

Benny Davis wills his constant giggles to Don Green and his cute curls to Randy Rhodes.

Wanda Ashcraft wants to leave her blond hair to Brenda Nutt. Now we'll see if Brenda has more fun as a blond.

Vickie Bonsall leaves her position as drum major to Darlene Harvill. We hope she will enjoy it as much as Vicki did. We presume she did.

Brenda Cooper wills her long hair to Laverne Woods. Well, Laverne you had better buy larger rollers. You could try orange juice cans.

Larry Barnett leaves his ability to attract girls to Earnest Johninkin.

Willie Crain wills the way he walks to Shannie Crain and Van Earl French.

Arzella Shields wills her knack for laughing a lot to Brenda Holmes. Don't laugh too much. You could get in trouble.

Lewis Releford leaves his slump nose to Earnest Johninkin.

Katheleen Holmes wills her hobbies to Rita Moses.

Bobby Young, his nickname (Popeye) to Robert Tolefree, who doesn't have many nicknames himself.

Georgia Marks leaves her friendliness to Doreatha Langford and her wild hairdos to Virginia White.

Dorothy Cooper leaves her knack for getting and dumping boyfriends to Angie Morrison. Angie, maybe you can pick one of those that Dorothy dumped.

Joyce Benton wills her position as one of the R.H.S. assistant librarians to Mary Frazier. Well, Mary, you had better start reading up on libraries.

Linda Harvill leaves her quietness to Tina Thommason, who needs a double potion of it.

Mike Master wills a bit of his height and weight to Pejo. We don't think he really needs it. Mike also gives his cowboy boots to Old (Pardner) James King, from the King's Ranch.

Joey Reep wills his big red ears to Luther and his red hair and shy ways to David Smith.

Linda Tiner wills some of her silver hair to Carolyn Tally.

Margaret Shields leaves some of her height and thinness to Rebecca Smith. You could try exercising, Rebecca.

Wendell Shields wills his long thin legs to Eddie Blackwell. They will come in handy if you play basketball. Vernon Barnett gets Wendell's big eyes.

Johnny Jagers leaves his knack for humming in class to Steve Bowlin and his leadership to Mark Attwood. You might need it, Mark.

Anne Green wills her neatness and polite ways to Vicki Davis. No offense, Vicki.

Martha Crutchfield leaves her knack for getting hung on red-headed boys to Alice Owens. You don't have to follow the redhead line.

Ethel Herrington leaves her knack for writing shorthand in long-hand to Melinda Lunsford and Peggy and any who plan to take shorthand next year.

Louvada Reed wills her position as annual editor to Carolyn Tally. Hope you don't have too many problems. She also leaves some of her size to Judy Phillips.

Orie Lee Guillory wills his hot feet and fast hands (in basketball) to Jimmy B., Billy Don, and Danny H. He leaves Rodney M. his troubles in English class.

Millie Reid wills her soft voice to Deb Reed.

Robert Doss wills his job at McKinneys to Edward Craig and his grade point to Bill Sadler.

Kitty Poe wills her knack for having fun to Cescel H. and her apple red shoes to Debbie King.

Mike Lain wills his muscles to Doyle Lovell and his and Wanda's togetherness to Don and Carolyn.

Anne McMurtrey wills 3" of her height to Angie M. and her love for animals to Patsy Owens.

Donna Cash King wills some of happiness in married life to Tina T. Your time's coming, Tina; just be patient.

Kathy Rhodes wills her humorous wise cracks to Beth P. You really don't need any extra ones, Beth.

Dianne Pierce wills her nose to Brenda Hyatt.

Billy Cook wills his "baw" to Wade M. and though he's gone, Billy wills to David L., his good looks.

Sharon Lee wills her way of doing things to Sherry Shields and her glasses to Barbara Smith.

Martha Terry wills her big mouth to Laverne Woods.

Randy Morgan wills his party techniques to Mark A. and his wide vocabulary to Ricky L. and Billy Turner.

WILLIE WIREHAND Says;

More Power to You

Congratulations on your educational achievements and best wishes for a bright future! For our part, we hope to make even greater progress in meeting the ever increasing power needs of home, farm, and industry to the end that life in modern Arkansas will be more pleasant, convenient and profitable for all our citizens.

Congratulations, Seniors
from

J & L MERCANTILE

This man is our partner in sustained yield tree farming.

He represents the small tree farmers of this area. He may grow several crops on his land, but one of the crops is Southern pine. It's carefully managed for maximum yield.

Individual tree farmers are an important part of Georgia-Pacific's plan that there will always be trees. These timber crops can help supplement the timber we grow on our own lands.

This insures planned harvesting that means a perpetual supply of Southern pine for our operations in this area.

These men are independent businessmen. They help our tree farmers plan now for the future.

A future in which they will continue to play an important part.

GEORGIA-PACIFIC

Your Neighbor in This Area
